

LAUREL F. BROWN AND OTHER OGDEN BOYS
LEAVE FOR CAMP JOHNSON IN FLORIDA

LAUREL F. BROWN

Few realize how many home boys are leaving Ogdens for service in the army or navy, because they leave in groups of three or more and the growing list only comes home to the immediate families and friends who are thus called to "do their bit."

During the past few weeks one after another of Ogdens' patriotic sons has quietly gone his way to join the constantly increasing throng who will do their best to win victory in the mighty struggle for freedom overseas.

During the present week a goodly number of volunteers have been sent to various camps to begin training. Among them were George Grant, son of Mrs. Eliza Grant, 872 Twenty-sixth street; Clyde Boyle, son of the late John A. Boyle, former mayor of Ogdens, 540 Twenty-eighth street, and Laurel Fulcher Brown, son of Mr. and Mrs. Chris J. Brown, 552 Twenty-sixth street. These young men left in a party of twenty-nine, enlisted from various points, on Wednesday last, for Camp Johnson, Jacksonville, Fla., where they will enter a school for six months' study in the quartermaster's branch of the service, leaving soon after for France.

The government is giving special training in each branch of its military and naval service, and in many cases, special opportunities are provided for such youngmen as desire to study hard and work up in some branch and who show aptitude and reliability in whatever duty that may present itself.

Give her a HOOVER electric

Easy Terms

The Hoover Electric Suction Sweeper is positively the only "vacuum cleaner" which

- vigorously shakes carpetings and thereby vibrates loose the hidden, harmful grit.
- instantly sweeps up stubborn-clinging hairs, threads, lint and litter.

For only the Hoover has a soft hair brush driven by the electric motor. Revolving over 1,000 times a minute, this patented brush gently beats and thoroughly sweeps carpetings. Powerful suction constantly withdraws the loosened dirt into a dust-tight bag. The Hoover is guaranteed

- (1) to clean more thoroughly than any other vacuum cleaner.
- (2) to greatly prolong the life of all carpets and rugs.
- (3) to restore colorings in carpetings.

Give "her" a Hoover and you give her the best. Let us prove this by actual tests before your eyes—tests which are based on everyday usage and which only the Hoover will perform.

LETTER FROM FRANCE TELLS
OF THE WORK OF THE FORESTRY
REGIMENT IN EASTERN FRANCE

D. F. Seerey, logging engineer in the silviculture department of the United States forestry offices here, has just received an interesting and instructive letter from Herman Work, formerly deputy forest supervisor on the Caribou reserve at Montpelier, Idaho, and now with the Tenth engineering corps in France. The letter is as follows:

"Dear Mr. Seerey: Did you know your name sounds exactly like the French word for sawmill—saw-mill? Well, it's true. I wish you could see our layout. It's the best camp I ever saw. After the war I hope to be able to describe it to you, with diagrams, but, of course, that would never do now—some friendly boche might intercept anything I know of on district No. 4, from a logging standpoint. I doubt if the darkness of these forests has been bettered very much anywhere. Big trees and very dense stands—walk an hundred yards into the woods and you are in all over without much chance of seeing out, for they have planted younger shrubs all along the edges.

"My particular job is putting out the raw material and it would be a lot too much for me if I didn't have a fine lot of men with all kinds of experience and who know the game. As it is we are putting out the stuff. Dunbar, by the way, is making very good as top sergeant, handling the general camp business and discipline. Miller Benedict is summary court officer for his company and I have the same job for Company F.

"Wish you could drop in to look us over. You would enjoy showing us how to save time and effort and we would give you plenty of bully beef and beans, together with about everything else needed. Great lot of officers and men in this outfit. Here's for a Merry Christmas and a Happy New Year."

The letter is dated "France 26, Nov. 17," and the envelope bears the "passed as censored" stamp. Mr. Seerey received it yesterday. Mr. Work was a popular member of the forestry service in this section. He enlisted several months ago and immediately was ordered to French service. There are a number of Ogdens boys in this same regiment. The camp is near the Swiss frontier, south of Belfort.

MRS. CHAMPION
GOES TO AFRICA

Mrs. Sarah Champion, who left Ogdens Wednesday for San Francisco on the first lap of her long trip to Durbin, British South Africa, was scheduled to sail from San Francisco today on the steamship China for Yokohama, Japan.

Mrs. Champion has been a teacher in the Utah State School for the Deaf and Blind for the last four years. Her home is in British South Africa, and she came to Ogdens in 1913 for a two years visit. While here, the European war broke out and ocean travel became extremely hazardous. She has been waiting from month to month for some sign of peace, but, being disappointed, she concluded to chance submarines and return.

Paul Beemer, city passenger agent for the Union Pacific, selected the Pacific route because of instructions against booking women passengers on ships passing through the war zone.

BERRY INQUEST WILL
BE HELD ON NEXT
MONDAY

Judge George S. Barker of the municipal court and ex-officio coroner, stated this morning that the formal inquiry into the cause of the death of Frank J. Berry, who shot himself to death at his home, 2372 Grant avenue, last Thursday morning, will be held at the municipal court room Monday afternoon. The jury already has been empaneled and has viewed the body.

"The inquest will be merely formal," said County Attorney Charles Farr. "Every evidence shows that death was by suicide, but that there may be no possibility of complication and because Berry was alone in the house at the time of the tragedy, an inquest and a jury verdict is deemed advisable. There will be only two or three witnesses, including Mrs. Calva Berry Hill, the daughter, who first discovered the body."

Funeral services will take place at 2:30 Sunday afternoon at the Lindquist chapel. Burial will follow at the Ogdens cemetery. Berry was 43 years old, a native of Ogdens and at the time of his death was proprietor of the Royal Dancing academy.

A gripping, surprising, thrilling production. A picture whose climax cannot be predicted by anyone. A most unusual, exceptionally entertaining attraction. Alice Brady in "A Belgian Maid." Not a war picture. New Utah.

JUDGE PEEPS THROUGH
A HOLE AND IS
CONVINCED

That he might satisfy himself and arrive at absolute justice in the case, Judge George S. Barker last night went to the Andrew Stepphus coffee house, lower Twenty-fifth street, and peeped through a nail hole in the door.

By reason of the experiment, the court convinced himself that deputy sheriffs, who raided the house and arrested Stepphus for conducting a gambling joint, were able to observe operations in the room, as the deputies had testified at the preliminary yesterday. In consequence, Stepphus was held under \$300 bond for trial in the district court on the charge of gambling. The raiding officers testified that gambling was in progress at the time they peeped through the nail-hole and from the movements it was proven that the particular game was Greek fare.

The nine alleged gamblers will be tried in municipal court next week. All are Greeks. County Attorney Farr prosecuting the Stepphus action and Attorney Halverson and Powell were defendant counsel.

A gripping, surprising, thrilling production. A picture whose climax cannot be predicted by anyone. A most unusual, exceptionally entertaining attraction. Alice Brady in "A Belgian Maid." Not a war picture. New Utah.

"Things have changed in recent years," replied Farmer Cornloss. "It isn't so long since it was hard to keep the boys on the farm. Now I shouldn't be surprised to see a whole lot of city boys coming to the country to make their fortunes."
